Presents a FREE Public Forum

The Case for Medical Marijuana

MONDAY October 27 | 7:00 pm - 9:00 pm

Front Street Station Restaurant, 2 Front St, Northumberland

Join us for a great discussion, light appetizers and cash bar

Moderated by Than Mitchell

This forum will explore the medical science of marijuana, including the benefits, drawbacks and side effects; a historical perspective that examines the use of marijuana for healing over the last two millennia and the history of prohibition in the United States; the safety profile of cannabis including case studies and medical research; general misconceptions; the advocacy for and politics that surround the legalization of marijuana; and a collection of personal perspectives that depict the human side of the issue...plus plenty of opportunity for questions and discussion.

Panelists:

Sen Mike Folmer R-48
Co-Sponsor SB1182, Compassionate Use of Medical Cannabis Act; founding member of Constitutional Organization of Liberty

John Hanger
Former democratic gubernatorial candidate whose campaign embraced legalization of marijuana; former DEP Secretary.

Cristy Harding, R.N.
An E.R. nurse and mother of three; advocate for medical cannabis on behalf of her youngest son who suffers from seizures.

Lolly Bentch Myers
Co-Founder of Campaign4 Compassion, mother and activist on behalf of her six-year old daughter who lives with intractable epilepsy

Arno Vosk, M.D.
Retired E.R. physician; volunteer medical examiner for Physicians for Human Rights Asylum Network, on board of Health Care For All PA

No pre-registration required - Don't miss this important discussion!

Susquehanna Valley Progressives is a nonpartisan organization united for the betterment of the whole community. We are dedicated to educating citizens on the democratic process; promoting equality and appreciation of diversity; actively protecting our natural world and improving the living and working standards of all that live in Susquehanna Valley.
